Vacancies for Committee Members

Would you like to shape the future of ARICD?

We are looking for enthusiastic members who are interested in being more involved in ARICD and contributing to the organisation moving forward. You would gain a greater understanding of how the organisation works and influence future work focusing on children's development.

ARICD has 3 committees which report to the Trustee Board. Appointment to the various committees is made by the Trustee Board usually at their first meeting after the AGM. Appropriate additional committee members can be approved at subsequent meetings of the Trustee Board but no committee member's appointment is confirmed until approved by the Trustee Board.

The current committees which report to the ARICD Trustee Board are as follows:

- Training, Equipment and Education.
- Research
- Website/IT/Communications

We are looking particularly for members with technical communication/social media/ I.T. skills, but members with a particular interest and experience in research, teaching and training would also be very welcome.

Committee meetings are usually held virtually.

Application process:

Applications from ARICD members who are interested in joining any of the committees should be forward to info@aricd.ac.uk in advance of the AGM on October 6th 2023 and **no later than 21 August 2023.** The appropriate application form is attached below and you should indicate your preferred choice of committee(s). Applications are then forwarded to the chair of the appropriate committees for discussion at the next Trustee meeting after the AGM. Consideration will be given to the range of skills needed, those of the applicant and existing numbers on committees.

You may approach the chair of a committee directly expressing an interest in joining a particular committee and they can answer any queries about the workings of that committee and give any additional information needed.
